Intelligent machine monitoring **CLOUD SOLUTION WITH AI**

Our services rest on data-mining, AI and big-data methods. We acquire data 24/7 with our 8/16-channel hardware mmBox.

Our data-mining process includes pattern recognition, data and feature selection, detection optimization and post-processing for efficient presentation.

^ OUR ANALYSIS

- ^ Condition monitoring
- ^ Predictive maintenance
- ^ Machine monitoring 4.0
- ^ Improved performance with machine learning and AI
- ^ Simple interpretation of results from automated analyses
- ^ Planning control through remaining useful life (RUL) prediction
- ^ Secure wireless connectivity through encrypted data transfer (IoT)
- ^ Convenient access to data in the Cloud through browser with any device

Analysis of many machines produces large amounts of data, the foundation for machine learning. All benefit from artificial intelligence. Skilled users can monitor their assets themselves.

PRICING FOR SUBSCRIPTIONS AND FEATURES

		Subscription plans					
Annual subscription fee		0 €	380 €	950 €	Price upon request		
Services	Description	Free	Free++	M1	M2	M3	Pricing
Standard	mmViewer: display data, perform analysis, create diagrams	✓	✓	✓	✓	✓	
	Number of available analysis diagrams per plant	6	9	12	18	24	
	Wireless data transfer via WLAN/WIFI	Option	×	Option	Option	Option	120 € / mmBox
	Wireless data transfer via UMTS/LTE/4G, incl. SIM	×	✓	Option	Option	Option	380 € / year / mmBox
	Display individual diagram values via cursor position	×	Option	✓	✓	✓	50 € / year / plant
	24/7 monitoring with alarm trigger	×	×	✓	✓	✓	
	Dashboard: velocity ratings according to ISO 10816	×	×	✓	✓	✓	
	Automated analysis: selecting critical range and zoom-in	×	×	✓	✓	✓	
	Alarm notifications by Email	×	×	✓	✓	✓	
	Alarm notifications by SMS	×	×	Option	✓	✓	40 € / year / plant
	Dashboard: defect rating per component	×	×	×	✓	✓	
	Automated analysis: imbalance, alignment, looseness	×	×	×	✓	✓	
	Prediction of remaining useful life (RUL) per component	×	×	×	×	✓	
Options	Vibration analysis through independent expert	✓	✓	✓	✓	✓	250 € / analysis / component
	Electronic maintenance logbook embedded in mmViewer	✓	✓	✓	✓	✓	175 € / year / plant
	Increase number of available analysis diagrams by 12	✓	✓	✓	✓	✓	50 € / year / plant

Additional costs for mmBox hardware, sensors and installations may apply.
